

CURRICULUM VITAE

Personal Information

Name: Bildard Odhiambo Blair

Address: P.O. BOX G4S, 1701-40100, Kisumu

Email: bobbyziggler606@gmail.com

GitHub: <https://github.com/Blair606/>

LinkedIn: <https://www.linkedin.com/in/bildard-blair-302a4228b>

Objective

Motivated Computer Science graduate with hands-on experience in cybersecurity, networking, and full-stack web development. Skilled in designing secure network infrastructures, troubleshooting IT systems, and building scalable web applications. Passionate about system security, backend development, and modern programming practices. Seeking an entry-level role in cybersecurity, network administration, or software development where I can apply my technical skills, contribute to organizational success, and continue growing professionally.

Education

Pwani University, Kilifi, Kenya

Bachelor of Science in Computer Science — Second Class (Lower Division)

2021 – 2025

Agoro Sare High School, Homa Bay County, Kenya

KCSE — Mean Grade B+

2017 – 2020

MM Shah Primary School, Kisumu, Kenya

KCPE

2009 – 2016

Certifications

- Networking Basics – Cisco Networking Academy (Completed March 15, 2026)
- Introduction to IoT and Digital Transformation – Cisco Networking Academy (Completed March 7, 2026)
- Exploring Networking with Cisco Packet Tracer – Cisco Networking Academy (Completed February 20, 2026)
- Exploring Internet of Things with Cisco Packet Tracer – Cisco Networking Academy (Completed February 17, 2026)
- Getting Started with Cisco Packet Tracer – Cisco Networking Academy (Completed February 17, 2026)
- Introduction to Cybersecurity – Cisco Networking Academy (Completed November 20, 2025)
- Certificate of Merit in Computer Literacy – Agoro Sare High School (2020)
- Syncfusion Skill Up Kenya – Computer Basics & Essentials Program.

Professional Training

Zone01 Kisumu – Piscine (3 Weeks Intensive Training)

- Completed a rigorous coding boot-camp focused on programming fundamentals
- Gained strong foundations in problem-solving, algorithms, and low-level programming concepts
- Practiced peer-to-peer learning, debugging, and project-based development

Work Experience

ICT Intern

Jaramogi Oginga Odinga Teaching & Referral Hospital (JOOTRH), Kisumu
May 2024 – July 2024

- Installed and configured HMIS (FUNSOFT) and LIMS systems
- Designed and implemented network infrastructure for the Primecare facility
- Configured routers, switches, Wi-Fi, and CCTV surveillance systems
- Performed OS installations (Windows 7–10) and system setups
- Troubleshoot hardware, software, and network issues
- Supported system deployment, data migration, and user on-boarding

Demo Engineer – Technical Support

SF Software Services Kenya Limited (Syncfusion), Kisumu.
July 2026 – Present.

- Deliver live, engaging technical product demonstrations of Bold Reports and Syncfusion developer components to enterprise customers and prospective clients.
- Serve as a primary technical contact, resolving customer inquiries regarding product installation, integration, customization, and feature usage.
- Guide clients through reporting workflows, embedding reporting tools into existing applications, and optimizing report design.
- Troubleshoot technical issues, reproduce customer bugs, and collaborate with core development engineering teams to ensure swift resolution.
- Conduct technical on-boarding sessions and create clear demonstration materials showcasing product features and value propositions

Technical Skills

- Programming Languages - Go (Golang), Java
- Version Control & Tools - Git, GitHub, Docker
- Web Development - HTML, CSS, JavaScript, Node.js, React
- Database Management - MySQL, MongoDB, SQL
- Networking - Network design, routing & switching, Wi-Fi deployment, troubleshooting
- Cybersecurity - Vulnerability assessment, system hardening, secure network architecture, CCTV systems
- Systems Administration - OS installation, server/workstation setup, user management
- Operating Systems - Windows, Linux

Projects

E-Learning System

- Developed a full-stack e-learning platform using Node.js, HTML, CSS, and JavaScript
- Implemented user-friendly interfaces and core learning features
- Focused on scalability and performance

GitHub Portfolio:

Active projects available at: <https://github.com/Blair606/>

Soft Skills

- Problem-solving and analytical thinking
 - Strong communication and teamwork
 - Time management and adaptability
 - Attention to detail
 - Customer service orientation
-
